Chase Bethea

Sunken Stones Original Soundtrack

Multi-Award winning video game composer Chase Bethea has released the pre-order original soundtrack for Sunken Stones.

Chase was tasked with trying to bring back the sound of the Caribbean for Pirates instead of perpetuating the Western and European sound of what Pirates have been in Hollywood, specifically the Disney film franchise, Pirates of the Caribbean. Chase took up the mantle to revive and incorporate the culture back into game music.

VGMTOGETHER DIRECTORY

Upcoming vgmttogether initiative

VGM Artist Collaboration Directory!

Looking for someone to collaborate with? Sometimes it is hard to know who to contact, and how to contact them! vgmttogether will soon be inviting you, the VGM community, to share information about yourself—your interests, your specialties, and how other musicians can best contact you—so that we can make a VGM directory just for you!

Keep an eye on our social media for an upcoming link to our interest form if you would like to participate. We hope that you will find it to be a great way to connect with the community!

Submit your news to vgmt monthly!

vgmt monthly is a newsletter that offers a centralized place for the VGM community to make announcements! The newsletter will be posted each month on vgmttogether's social media and archived on our website. You're free to print or share the newsletter once it is released, but please do not alter it in any way.

If you have multiple announcements, please fill out the form once for each one. You can submit multiple announcements each month, and in as many months as you would like!

The deadline for the following month is the 21st of the current month. For example, an event submitted on November 18 will be part of the December newsletter while an event submitted on November 22 will be part of the January newsletter. If you have any questions, reach out to Nujj on Discord (nujjjj) or X (@kmelbone).
