Final Fantasy 7 Rebirth: Turks Boss Battle Drum Cover

A jazzy rendition & fusion of the Shinra Company and Turks themes found in FF7 Rebirth! Tseng and Elena take center stage in my favorite track of the entire OST! It's been a pleasure bringing this treat over to the drum kit.

TheManPF

Equinox

A powerful ballad from Pokémon Alpha Sapphire & Omega Ruby, which serves as a calling card for TheManPF's upcoming album "Prime Cuts". Available everywhere on streaming, this single captures the essence of versatility of his work. It offers us a melancholic take on Zinnia's Theme, a popular character among fans.

Game Corner (from Pokémon Gold & Silver) piano version

I'm excited to share my arrangement of Game Corner (from Pokémon Gold & Silver)! This arrangement a note-for-note transcription of the original GameBoy version of the song featuring lots of fun rhythmic interplay between both hands. This was recorded for a Pokémon tribute album by The VGM Pianists. Enjoy!

Chase Bethea

Aground Zero Original Soundtrack

This is an immersive musical odyssey that captures the essence of exploration and survival. The dynamic score blends vibrant textures with electronic elements, creating a soundscape that evolves alongside the game players actions. From familiar motifs that evoke the serenity of discovery to intense, high-energy tracks that heighten moments of tension, the soundtrack is a "PAI" companion to the player's quest to rebuild civilization.

The Game Brass

Gotta Go Brass!

The Game Brass speeds things up with "Gotta Go Brass", a full soundtrack replacement of the original Sonic the Hedgehog and Sonic the Hedgehog 2 games for the Sega Genesis/Mega Drive. Every single track was transcribed note-for-note and re-recorded for an electric, edgy combo of brass and percussion. Included with this album are files that can be used to playback this new, live soundtrack within the game of your choice!
